To Whom It May Concern:

It is with great honor that I write this letter of recommendation for LeKiesha White as she pursues this expressed interest. I've had the opportunity to become familiar with Ms. White during the course of this school year while serving as the Associate Principal at Meadowbrook High School. During the course of this year, she has shown potential and the capacity for successful transitioning into a school leadership role.

During Ms. White's time at Meadowbrook High School, I directly supervised her in her role of Science teacher and gradebook manager. I also supported her as she shadowed the leadership team and monitored many of her assigned tasks as part of collecting practicum hours for her leadership program. In that regard, Ms. White demonstrated high levels of professionalism, a significant knowledge base, natural ability, sound decision making, a firm grasp on instructional leadership and genuine compassion as an educator. More specifically, she supported efforts that positively impacted school culture and climate. Her efforts also enhanced our systems and practices. Furthermore, her work supported improving instruction. She is very knowledgeable about the disaggregation of data and school disciplinary procedures, which creates added value to the aforementioned.

It is without hesitation that I recommend Ms. White for the position in which she is pursuing at your school. Feel free to contact me should you need any further details about her work and experience.

Regards,

Darin A. Thompson, MPA M.Ed
Associate Principal
