RE: Lekiesha Y. White

TO WHOM IT MAY CONCERN:

I have been asked to write a letter of recommendation for Miss Lekiesha Y. White to be included with her packet for consideration for an administrative position with your school system. I have known Miss White for fourteen years as the building level principal to a member of the student body of Clover Hill High School and the Math and Science High School at Clover Hill in Midlothian, VA, as a colleague in the Chesterfield County Public School System, and as the Varsity Girls Basketball Coach for Clover Hill High School.

During the past fourteen years that I have had the opportunity to know Miss White, Miss White has impressed me with her ability to organize her thoughts in regards to issues regarding her ongoing success in the classroom and in other activities. She has high expectations for herself and this is evident in the leadership roles she has taken on in her current position as an Administrative Assistant and Teacher at Meadowbrook High School. She has taught Science for grades 9-11 during the years of 2015-present. She has actively been involved in other activities in the school setting such as: disciplinary processes and procedures; supported Dean of Students with transportation communications; managed Synergy; supported grade sending as Gradebook Manager; participated in the 9th grade academy leadership team meetings; supported restorative circle practices efforts; provide data analysis support for the 9th grade academy; and provided support for master scheduling as she has worked as an administrative assistant. This position in leadership truly has given Miss White's gifts as a leader and an educational administrator to shine through. Please also know that Lekiesha utilizes good common sense in her dealings with others. Her degree of composure has definitely grown during the past several years when confronted with issues that may be difficult and/or threatening the position she has taken. Miss White wants the best for those around her and for her students and fellow members of her organizations.

In her spare time, Lekiesha serves as the Varsity Basketball Coach for the LADY CAVS for Clover Hill High School. You can find her many nights on campus attending the events and enjoying the CAVALIER SPIRIT!!!

I am pleased to recommend her highly.

Please feel free to contact me for additional information.

Sincerely,

Deborah E. Marks, Ph. D.
Principal
